

# DAILY CAPITAL JOURNAL

BY HOFER BROS.

OFFICIAL CENSUS SALEM,  
MAY, 1904, 13,287.

## WE WANT NO SERVANT CLASS.

Some of the good ladies of the Women's Clubs are continuously alarmed because in the degenerate country we have no servant class.

It is still the one glory of our country, except among the degenerate rich, that we have no servant class.

There is a healthy tone to society in a country where the demand for servants always exceeds the supply.

Would you have it otherwise, dear ladies, and would you wish to be one of the servant class?

Of course, it would be very nice if every lady in a woman's club could have all the servants she wanted.

The club could adopt rules that these servants should do their work just so, get only so much pay, wear just such clothes, and never, never, demand more pay.

But when we look over the social conditions in countries where they have just these things we shudder to think why more of our people don't go there to reside.

## THE FREE PASS ABUSE.

Well, the railroad pass business is apt to be a little abused during a legislature. It is a good thing to pass a free thing around among your friends, when you are a senator or a representative, but it is not exactly what you were sent to the legislature for.

The Smith resolution in the house to investigate will come to nothing, and would accomplish nothing. The railroad managers deplore the extent to which the free pass privilege is abused during a legislature as much as anyone.

An annual pass is given to a member of either house as a sort of courtesy that has degenerated into a custom. Legislation might stop it, and it might not. If it were placed in the constitution of the state it might be limited. But many states have a prohibition of passes in the legislature, and it accomplishes no restriction.

## NORMAL SCHOOL REFORM.

The very reasonable recommendations of Governor Chamberlain relative to normal schools should be enacted into law.

The governor recommends that all

## CONSUMPTION

Hope, fresh air, rest and Scott's Emulsion are the greatest remedies for consumption. Scott's Emulsion will always bring comfort and relief—often cure. Scott's Emulsion does for the consumptive what medicine alone cannot do. It's the nourishment in it that takes the patient in long strides toward health.

We'll send you a sample free.

SCOTT & BOWNE, 409 Pearl Street, New York.

these schools be placed under one board of regents, and have a uniform course of study.

Such a measure would relieve all the local pressure to secure improper appropriations, and secure for these schools in time uniformity of equipment.

The state needs the normal schools. The demand for normal school graduates and for teachers who have had only a year's training at a normal school, far exceeds the supply.

The normal schools of this state train about \$500 young men and women each year for the teaching profession.

Many of these young people devote the rest of their lives to teaching in the public schools. Their normal school training is a substantial advantage to the whole state.

What can the state reasonably be asked to contribute toward the preparation of those intending to follow the teaching profession?

A good, thorough normal school course, as good as other states require from those who would be teachers in the public schools. No more and no less.

Three of these schools have been supplied with dormitories by the state—Monmouth, Weston and Ashland. The Drain school should be supplied with a dormitory.

Where the young men and young women take their time to prepare themselves for teaching, pay board and tuition, the least the state can do is to furnish buildings and teachers.

## WHICH SHALL PAY THE TAX?

The cannerymen, who are also the fish-wheel men to a large extent, object to paying the proposed increased tax on canned salmon.

They are asked for an increase of about 50 per cent on the tax they now pay on each case they put up.

The fishermen say they are paying more on their gear and for license to fish in proportion to what they make than the cannerymen.

The cannerymen say they are asked to pay more per case on their pack than the cannerymen on the Washington side of the river.

It is the old question, shall the capitalist or the laborer pay more for the privileges they enjoy?

The state fish warden advocates the increased tax on the cannerymen. The

general taxpayer would like to see the the salmon industry made self-sustaining.

## PUT UP A GOOD BUILDING.

While the board of education are about it they should put up a first-class high school building.

To merely duplicate what has been done at Eugene or Ashland will not meet the demands of the capital of the state.

No cheap structure should be erected—cheap in material, finish or style of architecture.

By the way, a pressed brick exterior will be about ten times as fine a looking building as one of common brick.

It will cost but a few thousand dollars more, and will impress the beholder as being a public building of twice the value.

There will not have to be another large school house built for many years, and the board of education should put up a good one.

## HOW TO PASS A BILL.

While nearly all bills that get so far as a final roll call go through this session, there are some inquiries on this subject from some of the new members.

There is an impression on the part of some that the reading clerk passes a bill by a magnetic, penetrating, far-reaching purity of delivery. But such is not the case.

Of course, it is assumed that your bill is meritorious, and important to your constituents. That being the case it ought to pass to third reading, anyhow.

If it is a charter bill or a local measure there should be no debate, as all such bills go through of their own weight.

There are two popular ways of passing a bill. One is for the member introducing it to say, when it is ready for roll call: "This is a meritorious measure, and believe it ought to pass."

Another pet phrase is to say: "This bill will work a hardship on no one, and ought to pass."

## X-RAYS

Detroit, Mich., has a free daily newspaper.

The perfect man, "physically," at the University of Michigan weighs 240.

Not once or seldom may we expect the gubernatorial veto to fall at this session.

Brute and fare and the committee clerks are beginning to have to work for a living.

Chairman Mayger seems to have an open season for any fishery bill that he asks the house to pass.

Speaker Mills cast the vote that decided that people, otherwise properly qualified, may marry at the old rate.

A state board of control has a substantial business twang to it that may not set well with the professional politician.

Many persons pronounce the word czar as though it was spelled "scar." Well, his government is a sure enough one.

The United States operates 3800 miles of telegraph in Alaska. About 2400 of this is cable. Of course, it couldn't do that in other states.

There are 1,638,321 more males than females in the United States. There would be some hope for the single women if most of these surplus males did not drink so much whiskey.

The city council of Ames, Iowa, forbids barbers to drink intoxicating liquor during business hours. The next step will be to protect the barber from the customer who takes a drink.

Bailey is the quick-action man of the house. He repeated the amendments to the rules of the house, made a statement of the effect of each, moved the endorsement, and put it through in about 10 minutes.

Some fellow wants a \$1500 job as director of a laboratory for the study of

**HOSTETTER'S**  
Don't hesitate in obtaining a bottle of the Bitters when your appetite fails or your sleep is restless. These are warnings of stomach trouble that must be heeded. The Bitters will set the stomach right and cure Nausea, Indigestion, Dyspepsia, Chills, Colic or Malarial Fever.

**Girl**

**Gain Strength for Work**

In office and factory, shop, store or kitchen girls are at work all over this land, and, alas! far beyond their strength.

Young women who work are especially liable to female ills. Too often the girl is the bread winner of the family and she must toil unremittently, no matter if her back does ache, her limbs and abdomen throb with dull pain and dragging sensations, and dizzy spells make her utterly unfit for work. These are the sure signs of female irregularities which kill beauty and youth.

## Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It creates the vitality that makes work easy. From the thousands of grateful letters written by working girls to Mrs. Pinkham we quote the following:

DEAR MRS. PINKHAM:—I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and months were irregular. I had been to several doctors and they did me no good.

Your medicine has made me well and strong, I can do most any kind of work without complaint, and my periods are all right.

I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer.

Miss Abby F. BARROWS, Nelsonville, Athens Co., Ohio.

Oh, if American girls who work would only realize that they have but one life to live, and make the most of their precious health and strength!

Mrs. Pinkham extends to every working girl who is in ill health a cordial invitation to write her for advice. Such letters are always kept strictly confidential, and from her vast experience Mrs. Pinkham probably has the very knowledge that will help you—and may save your life.

## Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

defective and criminal classes, and the only way he could get his bill introduced was by request by a very good-natured senator. Some people would inspect every fellow except himself.

Why not organize an anti-alcoholic league in the public schools? It would make a fine opportunity to elect hundreds of boys and girls to office, and they might not have to give up more than one of the 3-H's to do it.

Wouldn't it be an innovation to teach boys and girls not to commit certain offenses, simply because they are wrong, and to stand up for certain good things without immediately labeling them with a tin button or a cotton ribbon to indicate how goodly goodly they are?

Vawter, of Jackson, makes an admirable chairman of the ways and means. He makes a clear-cut statement that produces a favorable impression. He is one of the best-liked business men of Southern Oregon. He works quick, is accurate, understands and a lawyer of ability. Such a man would make a good candidate for some higher office.

The cause of this complaint is not in the head at all, it comes from the stomach. A stomach that has become clogged from over eating, drinking or abuse in any manner, will warn you by bringing on sick headaches. Cure the pains and distress in the stomach, and the headache stops of itself. All bilious attacks, dyspepsia, belching, bad taste in the mouth, watery vomit and yellow eyes, are cured by this remedy. It is called Dr. Cass's Improved Liver Pills, use for a day, and it will be sold by druggists all over the U. S. for 25c per box. For sale by Dr. S. C. Stone, druggist.

## DIED.

CARD.—At the home of his son, J. H. Card, in Portland, last night, William Card, aged 51 years. Deceased was born in Oregon county, New York, May 11, 1824, and came to Oregon about eight years ago, since that time making his home with his only child, J. H. Card, of Portland. The funeral services will be conducted at the family home at 10 a. m. Thursday, and burial will be had in the Markey cemetery. J. H. Mitchell will conduct the services.

Fire at Lincoln. Lincoln, Neb., Jan. 25.—Fire this morning destroyed the Halter Furniture Block and contents. Loss \$200,000, and \$250,000.

## She Was Mad.

Myrtle—Why, Maud, what is the matter; you look all upset.

Maud—Yes, Myrtle, I am real angry. You see the store where we trade has no bicycle rack, and I had to put my wheel down in the gutter, and that always makes me angry. I feel that it is an insult to my nice new wheel to put it in the street gutters, which are intended for filth and dirty water. I am going to ask papa if we can't trade where the merchant has some consideration for the three thousand bicycle riders of Salem. I don't intend to be compelled to lift my wheel up and down, in and out of gutters, every time I go shopping.

## New Clatsop Court House.

The bill of Laws, of Clatsop, to authorize construction of a new court house at Astoria, was put through on second reading and passed the house without objection this morning.

## Sale of Building.

Notice is hereby given that the undersigned will receive sealed bids for the purchase of the building now on lot 7, in block 3, in Salem, Oregon, and known as the "Dugan Lot," until Saturday, January 28, 1905, at 7:30 p. m., when said bid will be opened at the police court room, at the city hall, the building to be paid for upon acceptance of bid and to be removed within 20 days after the sale.

## A Short History of OREGON

COMPILED BY SIDONA V. JOHNSON

According to the Oregonian, "she has covered the ground thoroughly"

EARLY DISCOVERIES  
THE LEWIS AND CLARK EXPLORATIONS  
SETTLEMENT  
GOVERNMENT  
INDIAN WARS  
PROGRESS

FROM HENRY E. DOSCH  
Honorable of Exile at Lewis and Clark Expedition in Portland.  
"The school children of the state are entitled to an opportunity to study it, to the end that the history of the state and the great and memorable achievement of Lewis and Clark may be intelligently understood and appreciated by every man, woman and child in Oregon before the opening of the Lewis and Clark Centennial Exposition."

FROM THE PORTLAND JOURNAL  
"Miss Johnson has succeeded in her twofold task in a manner most creditable to the talents and promise of a new writer. The charm of the Oregon story has been maintained in a happy sympathy with the accuracy and painstaking research which mark her work, and give the reader a comfortable feeling of confidence."

With 17 illustrations from photographs, and a map of the Lewis and Clark route  
320 pages, indexed, \$1.00 net; by mail, \$1.09
